

Physical Education at Wheatley Hill

At Wheatley Hill Community Primary, we believe that taking part in all aspects of the curriculum is essential to ensure your child develops to their full potential and meets all of the requirements of the National Curriculum.

The possession of a school PE Kit and Swimming Kit is essential and this greatly helps our children access all aspects of Physical Education. Having the correct clothing and equipment for school also helps to prepare children for later life as high standards of dress codes, PE Kits and required equipment follow in secondary education as well as in many future work places.

If your child can not wear an aspect of our school sports clothing due to a medical condition / SEND need then please speak to the school directly to discuss how we can support your child's needs. If you financially find purchasing school sport clothing difficult then please speak to our Customer Services Team at the school office as they will be able to offer support.

As agreed by the school governing body, those children who do not wear school sport clothing will be issued with items of school clothing upon arrival to school to ensure the child engages in their full school curriculum.

Lastly, please ensure every item of school sport clothing has your child's name written in it as we have many unclaimed items in school, which add up to a significant amount of money.
